

BUSINESS IMPROVING IN SOUTHERN CAMPS

AMERICAN CARRARA MARBLE IS
SHOWING INCREASED
ACTIVITY

A. B. Perkins, editor of the Carrara Obelisk and Republican candidate for the assembly, now in town on business, has this to say concerning the southern end of Nye county:

"Business below is picking up. At Carrara, the hotel is so crowded that the men are doubling up in the beds, and there is more money in circulation than at any time since the summer of 1915. This is due to the activities of the American Carrara Marble company, which is carrying extra employees while completing the finishing plant of the company, and to the bringing in of several skilled marble workers from Vermont for the finishing operations.

"The sawing plant has been in full operation for over a month, and much stock suitable for tile and general construction work is now in the rack. At the finishing plant, the coper and polishers are now set up and the wheels will turn during the coming week.

"The company is in excellent condition. Additional equipment is ordered for quarrying operations, and everything is in shape to give the southern end of the county a mighty prosperous New Year.

"Carrara isn't the only camp sailing ahead, either. Pioneer is on the way back. At the Pioneer Consolidated ground, General Manager Tobin reports mill returns slightly above expectations and the leases are rounding into shape. The Tonopah outfit, Messrs. McKay, Ableman and Ashton,

are carrying on work under the direction of Herman Trappman, an experienced miner, well known in this county. This lease has about a hundred feet yet to go before encountering the zone in which they will operate. They are working from the main shaft of the Consolidated and have already cut in over a hundred feet. Automatic drills are used here.

"The Lidwell lease is encountering some rather high grade ore, which seems to point to the encountering of a body similar to the Bonanza stope of the boom days. The work is being carried on in the old Rickard lease.

"Beatty and Rhyolite are enjoying prosperity. Chloride Cliffs works through Rhyolite and leasers are working in the old camp. Pahump, under the new management, is doing good work, having over three hundred acres in hay this fall. Several hundred head of stock are being kept at the Pahump ranch.

"Altogether, the south end of Nye county feels that it is doing its share to bring about prosperity in the county."

DEVELOPING PROPERTY IN BRITISH COLUMBIA

SURF INLET MINE AND MILL
WILL BE OPERATING EARLY
NEXT SPRING

Clyde A. Heller of Philadelphia, president of the Tonopah Belmont Development company and the Jim Butler Mining company, arrived yesterday morning from Surf Inlet, where he spent some time visiting the subsidiary of the Belmont.

He says that very rapid progress is being made with construction work.

NIGHT PENMANSHIP CLASS

The night class in penmanship is in full swing and meets in the high school building for one hour every Monday and Thursday evening at 8 o'clock.

This class is open to all ambitious young men and women outside of school who wish to become good penmen and have not the opportunity to join the day classes.

Many lucrative positions have been secured by young men and women through good, legible penmanship and figure making. If the hours are not convenient for you, see Miss Sullivan, supervisor of penmanship, and hours can be arranged so that you can begin practice at once and finish the course.

Adv. 023-1

The dam has been closed and within a short time hydro-electric power will be available. By early spring the property will be in full swing, when the first 300 ton unit of the big mill will be in operation.

Application No. 4154
Notice of Application for Permission to
Appropriate the Public Waters
of the State of Nevada

Notice is hereby given that on the 19th day of September, 1916, in accordance with Section 22, Chapter 140, of the Statutes of 1913, Kawich Cattle Association (Incorporated), of Goldfield, County of Esmeralda, and State of Nevada, made application to the State Engineer of Nevada for permission to appropriate the public waters of the State of Nevada. Such appropriation is to be made from Jerome Spring, at a point on unsurveyed land, situate at North Latitude 37 deg. 30 min. and West Longitude 117 deg. 03 min., whence the S. & W. Cor. Sec. 21, T. 4 S., R. 44 E., M. D. B. & M., bears N. 18 deg. 25 min. W. 3 miles, by means of cement dams, pipes and troughs, and 9,025 cubic feet per second is to be conveyed to troughs located 3 miles south of springs, by means of pipes, and there used for stock watering purposes. Water not to be returned to stream.

(Signed) W. M. KEARNEY,
State Engineer.
Date of last publication, Sept. 25, 1916.
Date of first publication, Oct. 23, 1916.

FREE LECTURE TONIGHT

There will be a lecture at the Presbyterian church this evening by Mrs. Adelaide Aldrich, who recently returned from Alaska. Everybody cordially invited.

DON'T BUY ANCIENT BREAD SHIPPED IN

I would not buy strange, dry, squeezed bread, when I can buy bread of superior quality in every respect. The Progress and Vienna Bakery bread is rich in flavor and is made of the choicest eastern flour, and is heavier and goes further than any imported bread. We are always ready for any order for pastry of any kind equal to that made in any city. We can serve a large banquet as easy as a small banquet.
